

Mobilize

Your Diagnostic Imaging Resources

With no build-out required, a mobile imaging solution from Shared Imaging allows you to expand your CT, MRI, PET/CT and Women's Health Imaging services with minimal capital expense and limited risk.

Why Mobile?

CONVENIENT PATIENT ACCESS

Add new service lines to provide access where patient volume may not warrant buying new equipment

IMPROVE PATIENT SATISFACTION

Address scheduling delays due to backlog and reduce wait times

LATEST IMAGING TECHNOLOGY

Flexibility to upgrade or replace imaging technology

ENHANCE PATIENT EXPERIENCE

Modern aesthetics provide a welcoming environment

STREAMLINE OPERATIONAL EFFICIENCY

Single point of contact for all customer service needs including OEM technical support

Customizations

Our mobile medical coaches are equipped with advanced technology from most major manufacturers matching all the requirements of a permanent brick and mortar suite. Shared Imaging allows for the customization of mobile medical coaches, elevating the overall perception of your facility within the community and among referring physicians.

Colored Ambient Lighting

Hospital Branded Vinyl Wraps

Laminate Floors

Murals

Sound Systems

Skylights

Changing Area

GOING MOBILE provides the capability to lower costs and improve patient outcomes.
